DEMOCRATS
CHANGE THAT MATTERS

The New York State Young Democrats are the official youth arm of the New York State Democratic Committee. The New York State Young Democrats represent young democrats between the ages of 16-36 living in all of New York's 62 counties. Members of the organization strive to make a positive difference in the community by working within the political process and upholding the principles of the Democratic Party. The membership base reflects the broad diversity of New York and the party, including high school students, college students, young workers, professionals and families. Young Democrats receive first-hand experience in campaigns and elections, grassroots organizing, fundraising and candidate elective office, just to name a few. Many of the Democratic Party's leaders got their start in politics with the Young Democrats. For more information, visit: <https://nysyd.org/>
